

Sinclair Broadcast Group's show on the POW's is the most biased, hate-filled drivel I have ever seen on public tv.

A statement at the end of the broadcast stated that they presented both sides of a valid news issue. This is simply a lie. The public airwaves were used for a single purpose: to ASSASSINATE the character of a presidential candidate and to dictate the outcome of a democratic presidential election.

Free speech in this country is when EVERYONE make speak equally. But my voice does not count for what Sinclair's does, because they are rich and they own a network. That is the very ANTITHESIS of free speech. It is BOUGHT speech, and the FCC countenances it.
